JOIN THE RESISTANCE

01 THE BAND

NU-METAL // HIP-HOP // COVERS // MASH-UPS

Sabotage are a high-energy nu-metal and hip-hop covers band who take well-known songs, pull them apart and put them back together again. We don't simply cover songs.

We build versions.

Our arrangements are constructed from the ground up, combining mashups, medleys, samples, SPD sounds, hip-hop drums and unexpected combinations of songs and genres. Familiar tracks are rebuilt into something designed specifically for a live Sabotage show.

The result is a covers band that approaches its material more like an originals act, creating its own versions rather than simply reproducing the records.

02 THE LIVE SHOW

HIGH ENERGY // HIGH QUALITY // PROFESSIONAL

Sabotage deliver a professional, high-energy live show built around fun, audience interaction and songs people already know – with a difference.

FUN

A proper night out, with humour and plenty of interaction.

POPULIST

Big, recognisable songs that give the audience something to grab onto.

NOSTALGIC

Music people grew up with, remembered in a completely different way.

WITH A DIFFERENCE

Mashups, medleys, genre changes, samples and rebuilt arrangements make the familiar unexpected.
